

# P&F Busy Bees

It is a tradition of the St. Luke's P&F to hold a Busy Bee once each semester to help keep the school grounds in good order and condition.

Families are asked to donate a couple of hours of their time to help out at the Busy Bee. Notification is given via the P&F Newsletter. In the past, Busy Bees have been responsible for the construction of limestone walls, brick paving and general landscaping. Thankfully most of the hard work has been completed and it is now a matter of maintenance and keeping St. Luke's in tip top condition.

The school saves thousands of dollars each year by holding these days. This allows funds to be spent in other areas so we can achieve our goals quicker and at the same time have a great time.

The Busy Bees are "family" days with the philosophy of "the more the merrier". Drinks and morning/afternoon tea is provided for the helpers and the Busy Bees rarely extend beyond 2 hours. It is a great way to help the school, providing valuable community service and teaching our children the value of community spirit.

Recent Busy Bee activities have included assisting in the preparations for construction of the walls in the new netball courts; the landscaping and distribution of mulch in the netball court area; landscaping at the school entrance and landscaping/gardening around the performing arts centre.
